

# JENCO UPDATES

5<sup>th</sup> July 2024

# Current situation

- Failed to receive claims from brokerages partners
- Management decided to work with current resources
- Aquanite to go defunct as aqua system is no longer in operation
- Jenco to work with independent community
- Fulfilling jubilee group ultimate goal achieving mainstream service by providing software
- Independent community (SAAS) will help be of a much greater reliability due to stringent checks and due diligence.
- Policy aim is to provide the best services and products to current users in order to increase their money.

# Moving on to SAAS

- SAAS Technology is an independent community which aims to serve its users by providing the best trading software and products for users to utilise.
- This works as a control and check center as its aim is to provide services to its users with utmost integrity and benefits
- User can convert and exchange for SAAS token for US\$1.00 with all its credits in Jenco back office including AQN
- AQN will be 1 AQN to 2 SAAS token and all credits to be converted at 1:1
- SAAS Token will be pegged at US\$1.00 to prevent instability to its users
- More info will be on SAASTECH.TECH and its white paper are available for download

# SAAS Token

- SAAS token shall be the most important INDEPENDENT token in this collaboration as it will be the only data left behind in Jubilee Group for all users.
- All users shall log in to Jenco back office to convert into SAAS token with all its credits/ BTC/USDT/AQN/lifestyle rewards from 1<sup>st</sup> July 2024 to 15<sup>th</sup> September 2024. Thereafter, Jenco system shall be shutdown from public and officially close for operations.
- SAAS Token on Binance Smart Chain BSC shall be allowed for withdrawal at any point of time into the BSC wallet address indicated by users. Please withdraw your tokens by 15<sup>th</sup> Sep 2024.

# SAAS Token

- Token to be transferred to wallet address of BSC. E.g. of these wallets are Trust wallet, Safepal, Metamask, NOT BINANCE EXCHANGE.
- Token stored in those address are to be used for future trading and software payment inclusive of subscriptions which I will be explaining. SAAS remains an independent community with no affiliation with any software trading provider but only to be serve as a working partner or vendor relationship.
- Later phases, SAAS token shall be listed on DEX for swaps purpose when demand and utility of the token is much higher and has adopted at least 10 working vendors.
